A Hypothetical \$10,000 Investment in the Muhlenkamp Fund for the Past 10 Years*

A Hypothetical \$10,000 Investment in the Muhlenkamp Fund Since Inception*

The S&P 500® Index is a widely recognized index of common stock prices. The S&P 500® Index is weighted by market value and its performance is thought to be representative of the stock market as a whole. One cannot invest directly in an index. These charts assume an initial gross investment of \$10,000 made on 6/30/08 or 11/1/88, respectively. The line graphs do not reflect the deduction of taxes that a shareholder would pay on Fund distributions or the redemption of Fund shares. Returns shown include the reinvestment of all dividends. Past performance does not guarantee future results.

EXPENSE EXAMPLE
June 30, 2018 (Unaudited)

As a shareholder of the Fund, you incur ongoing costs, including management fees and other Fund expenses. The following Example is intended to help you understand your ongoing costs (in dollars) of investing in the Fund and to compare these costs with the ongoing costs of investing in other mutual funds. The Example is based on an investment of \$1,000 invested at the beginning of the period and held for the entire period (1/1/18 to 6/30/18).

Actual Expenses

The first line of the table provides information about actual account values and actual expenses. Although the Fund charges no sales load, redemption fees or other transaction fees, you will be assessed fees for outgoing wire transfers, returned checks and stop payment orders at prevailing rates charged by U.S. Bancorp Fund Services, LLC, the Fund's transfer agent. To the extent the Fund invests in shares of other investment companies as part of its investment strategy, you will indirectly bear your proportionate share of any fees and expenses charged by the underlying funds in which the Fund invests in addition to the expenses of the Fund. Actual expenses of the underlying funds are expected to vary among the various underlying funds. These expenses are not included in the following Example. The Example includes, but is not limited to, management fees, fund accounting, custody and transfer agent fees. However, the Example does not include portfolio trading commissions and related expenses or other extraordinary expenses as determined under generally accepted accounting principles. You may use the information in this line, together with the amount you invested, to estimate the expenses that you paid over the period. Simply divide your account value by \$1,000 (for example, an \$8,600 account value divided by \$1,000 = 8.6), then multiply the result by the number in the first line under the heading titled "Expenses Paid During Period" to estimate the expenses you paid on your account during this period.

Hypothetical Example for Comparison Purposes

The second line of the table provides information about hypothetical account values and hypothetical expenses based on the Fund's actual expense ratio and an assumed rate of return of 5% per year before expenses, which is not the Fund's actual return. The hypothetical account values and expenses may not be used to estimate the actual ending account balance or expenses you paid for the period. You may use this information to compare the ongoing costs of investing in the Fund and other funds. To do so, compare this 5% hypothetical example with the 5% hypothetical examples that appear in the shareholder reports of the other funds. Please note that the expenses shown in the table are meant to highlight your ongoing costs only and do not reflect any transactional costs. Therefore, the second line of the table is useful in comparing ongoing costs only, and

**EXPENSE EXAMPLE (Continued)
June 30, 2018 (Unaudited)**

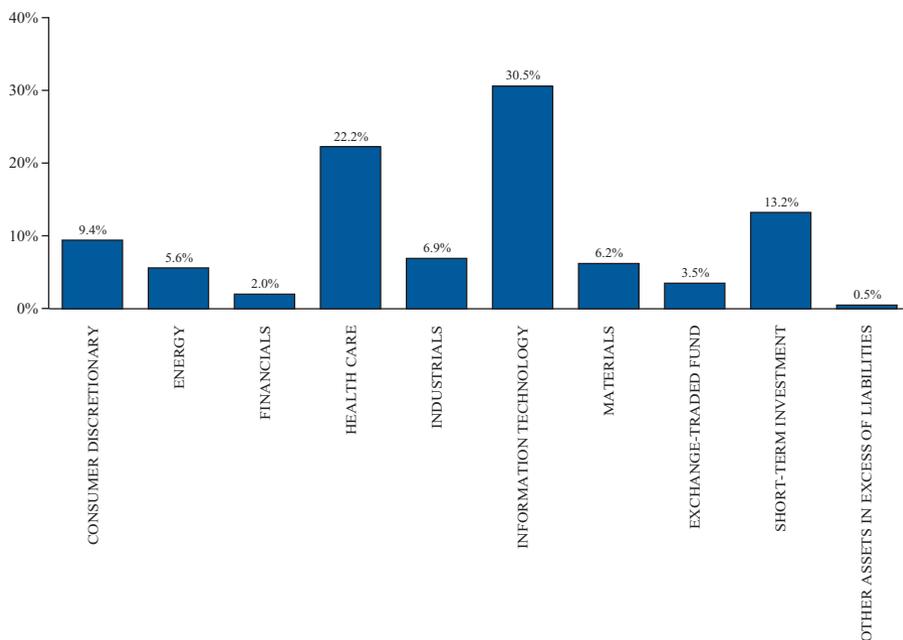

will not help you determine the relative total costs of owning different funds. In addition, if transactional costs were included, your costs would have been higher.

	Beginning Account Value <u>1/1/18</u>	Ending Account Value <u>6/30/18</u>	Expenses Paid During Period <u>1/1/18 – 6/30/18⁽¹⁾</u>
Actual ⁽²⁾	\$1,000.00	\$ 950.60	\$5.80
Hypothetical (5% return before expenses)	\$1,000.00	\$1,018.84	\$6.01

⁽¹⁾ Expenses are equal to the Fund's annualized expense ratio for the most recent six month period of 1.20%, multiplied by the average account value over the period, multiplied by 181/365 to reflect the one-half year period.

⁽²⁾ Based on the actual return for the six month period ended June 30, 2018 of -4.94%.

NOTES TO FINANCIAL STATEMENTS (Unaudited)
Six Months Ended June 30, 2018

1. ORGANIZATION

Managed Portfolio Series (the “Trust”) was organized as a Delaware statutory trust on January 27, 2011. The Trust is registered under the Investment Company Act of 1940 (the “1940 Act”), as amended, as an open-end management investment company. The Muhlenkamp Fund (the “Fund”) is a diversified series with its own investment objectives and policies within the Trust. The Fund commenced operations on November 1, 1988.

The Fund operates as a diversified open-end mutual fund that continuously offers its shares for sale to the public. The Fund manages its assets to seek a maximum total after-tax return to its shareholders through capital appreciation, and income from dividends and interest, consistent with reasonable risk. The Fund is an investment company and accordingly follows the investment company accounting and reporting guidance of the Financial Accounting Standards Board (“FASB”) Accounting Standards Codification Topic 946 Financial Services — Investment Companies. The Fund principally invests in a diversified list of common stocks of any capitalization, determined by Muhlenkamp & Company, Inc. (the “Adviser”) to be highly profitable, yet undervalued. The Fund may acquire and hold fixed-income or debt investments as market conditions warrant and when, in the opinion of the Adviser, it is deemed desirable or necessary in order to attempt to achieve its investment objective.

The primary focus of the Fund is long-term and the investment options are diverse. This allows for greater flexibility in the daily management of Fund assets. However, with flexibility also comes the risk that assets will be invested in various classes of securities at the wrong time and price.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies consistently followed by the Fund in preparation of the accompanying financial statements. These policies are in conformity with generally accepted accounting principles in the United States of America (“GAAP”).

- a. *Investment Valuations* — Following is a description of the valuation techniques applied to the Fund’s major categories of assets and liabilities measured at fair value on a recurring basis. The Fund’s investments are carried at fair value.

Equity Securities — Equity securities, including common stocks, preferred stocks, exchange-traded funds (“ETFs”) and real estate investment trusts (“REITs”), that are primarily traded on a national securities exchange are valued at the last sale price on the exchange on which they are primarily traded on the day of valuation or, if there has been no sale on such day, at the mean between the bid and ask prices. Securities traded primarily in the Nasdaq Global Market System for which market quotations are readily available are valued using the Nasdaq Official

NOTES TO FINANCIAL STATEMENTS (Unaudited) (Continued)
Six Months Ended June 30, 2018

Closing Price (“NOCP”). If the NOCP is not available, such securities are valued at the last sale price on the day of valuation, or if there has been no sale on such day, at the mean between the bid and ask prices. To the extent these securities are actively traded and valuation adjustments are not applied, they are categorized in Level 1 of the fair value hierarchy. If the market for a particular security is not active, and the mean between bid and ask prices is used, these securities are categorized in Level 2 of the fair value hierarchy.

Corporate Bonds — Corporate bonds, including listed issues, are valued at fair value on the basis of valuations furnished by an independent pricing service which utilizes both dealer-supplied valuations and formula-based techniques. The pricing service may consider recently executed transactions in securities of the issuer or comparable issuers, market price quotations (where observable), bond spreads, and fundamental data relating to the issuer. Most corporate and municipal bonds are categorized in Level 2 of the fair value hierarchy.

U.S. Government & Agency Securities — U.S. government & agency securities are normally valued using a model that incorporates market observable data such as reported sales of similar securities, broker quotes, yields, bids, offers, and reference data. Certain securities are valued principally using dealer quotations. U.S. government and agency securities are categorized in Level 2 of the fair value hierarchy depending on the inputs used and market activity levels for specific securities.

Short-Term Investments — Short-term investments in other mutual funds, including money market funds, are valued at their net asset value per share. To the extent these securities are actively traded and valuation adjustments are not applied, they are categorized in Level 1 of the fair value hierarchy.

Derivative Instruments — Listed derivatives, including rights and warrants that are actively traded are valued based on quoted prices from the exchange and categorized in Level 1 of the fair value hierarchy. Exchange traded options that are valued at the mean of the highest bid price and lowest ask price across the exchanges where the option is traded are categorized in Level 2 of the fair value hierarchy.

Securities for which market quotations are not readily available, or if the closing price does not represent fair value, are valued following procedures approved by the Board of Trustees. These procedures consider many factors, including the type of security, size of holding, trading volume and news events. There can be no assurance that the Fund could obtain the fair value assigned to a security if they were to sell the security at approximately the time at which the Fund determines their net asset values per share. The Board of Trustees has established a Valuation

Committee to administer, implement, and oversee the fair valuation process, and to make fair value decisions when necessary. The Board of Trustees regularly reviews reports that describe any fair value determinations and methods.

The Fund has adopted authoritative fair value accounting standards which establish an authoritative definition of fair value and set out a hierarchy for measuring fair value. These standards require additional disclosures about the various inputs and valuation techniques used to develop the measurements of fair value, a discussion of changes in valuation techniques and related inputs during the period and expanded disclosure of valuation levels for major security types. These inputs are summarized in the three broad Levels listed below:

Level 1 — Unadjusted quoted prices in active markets for identical assets or liabilities that the Fund has the ability to access.

Level 2 — Observable inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. These inputs may include quoted prices for the identical instrument on an inactive market, prices for similar instruments, interest rates, prepayment speeds, credit risk, yield curves, default rates and similar data.

Level 3 — Unobservable inputs for the asset or liability, to the extent relevant observable inputs are not available, representing the Fund's own assumptions about the assumptions a market participant would use in valuing the asset or liability, and would be based on the best information available.

The inputs or methodology used for valuing securities are not an indication of the risk associated with investing in those securities. The following is a summary of the inputs used to value the Fund's assets and liabilities as of June 30, 2018:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Common Stocks*	\$189,697,177	\$—	\$—	\$189,697,177
Exchange-Traded Fund	8,077,099	—	—	8,077,099
Short-Term Investment	30,229,103	—	—	30,229,103
Total Investments in Securities	<u>\$228,003,379</u>	<u>\$—</u>	<u>\$—</u>	<u>\$228,003,379</u>

* Please refer to the Schedule of Investments to view Common Stocks segregated by industry type.

Transfers between Levels are recognized at the end of the reporting period. During the six months ended June 30, 2018, the Fund recognized no transfers between Levels. The Fund did not invest in any Level 3 investments during the period.

NOTES TO FINANCIAL STATEMENTS (Unaudited) (Continued)
Six Months Ended June 30, 2018

- b. *Foreign Securities* — Investing in securities of foreign companies and foreign governments involves special risks and considerations not typically associated with investing in U.S. companies and the U.S. government. These risks may include revaluation of currencies and future adverse political and economic developments. Moreover, securities of many foreign companies and foreign governments and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies and the U.S. government.
- c. *Foreign Currency Translations* — The books and records of the Fund are maintained in U.S. dollars. Foreign currency transactions are translated into U.S. dollars on the following basis: (i) fair value of investment securities, assets and liabilities at the daily rates of exchange, and (ii) purchases and sales of investment securities, dividend and interest income and certain expenses at the rates of exchange prevailing on the respective dates of such transactions. For financial reporting purposes, the Fund does not isolate changes in the exchange rate of investment securities from the fluctuations arising from changes in the market price of such securities. Such fluctuations are included with the net realized and unrealized gain or loss from investments and translations of foreign currency. However, for federal income tax purposes the Fund does isolate and treat the effect of changes in foreign exchange rates on realized gain or loss from the sale of equity securities and payables/receivables arising from trade date and settlement date differences as ordinary income.
- d. *Investment Transactions and Related Investment Income* — Investment transactions are recorded on the trade date. Dividend income is recorded on the ex-dividend date. Interest income is recorded daily on the yield to maturity basis. The Fund uses the specific identification method in computing gain or loss on the sale of investment securities. Withholding taxes on foreign dividends have been provided for in accordance with the Fund’s understanding of the applicable country’s tax rules and regulations. Distributions received from the Fund’s investments in Master Limited Partnerships (“MLPs”) may be categorized as ordinary income, net capital gain, or a return of capital. The proper classification of MLP distributions is generally not known until after the end of each calendar year. The Fund must use estimates in reporting the character of their income and distributions for financial statement purposes. Due to the nature of the MLP investments, a portion of the distributions received by the Fund’s shareholders may represent a return of capital.
- e. *Federal Taxes* — The Fund complies with the requirements of subchapter M of the Internal Revenue Code of 1986, as amended, necessary to qualify as a regulated investment company and distribute substantially all net taxable investment income and net realized gains to shareholders in a manner which results in no cost to the

Fund. Therefore, no federal income or excise tax provision is required. As of and during the period ended June 30, 2018, the Fund did not have any tax positions that did not meet the “more-likely-than-not” threshold of being sustained by the applicable tax authority. As of and during the period ended June 30, 2018, the Fund did not have liabilities for any unrecognized tax benefits. The Fund recognize interest and penalties, if any, related to unrecognized tax benefits on uncertain tax positions as income tax expense in the Statement of Operations. As of and during the period ended June 30, 2018, the Fund did not incur any interest or penalties. The Fund is not subject to examination by U.S. tax authorities for tax years prior to the fiscal year ended December 31, 2014.

- f. *Dividends and Distributions to Shareholders* — Dividends from net investment income, if any, are declared and paid at least annually. Distributions of net realized capital gains, if any, will be declared and paid at least annually. Income dividends and capital gain distributions are recorded on the ex-dividend date. The Fund may utilize earnings and profits distributed to shareholders on redemption of shares as part of the dividends paid deduction. Accordingly, reclassifications are made within the net asset accounts for such amounts, as well as amounts related to permanent differences in the character of certain income and expense items for income tax and financial reporting purposes. See Note 7 for additional disclosures.
- g. *Use of Estimates* — The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reported period. Actual results could differ from those estimates.
- h. *Allocation of Expenses* — Expenses associated with a specific fund in the Trust are charged to that fund. Common Trust expenses are typically allocated evenly between the funds of the Trust or by other equitable means.
- i. *Options Transactions* — The Fund is subject to equity price risk in the normal course of pursuing its investment objectives. The Fund may use purchased option contracts and written option contracts to hedge against the changes in the value of equities or to meet its investment objectives. The Fund may write put and call options only if it (i) owns an offsetting position in the underlying security or (ii) maintains cash or other liquid assets in an amount equal to or greater than its obligation under the option.

When the Fund writes a call or put option, an amount equal to the premium received is included in the Statement of Assets & Liabilities as a liability. The amount of the liability is subsequently adjusted to reflect the current fair value of the option. If an

MUHLENKAMP FUND

NOTES TO FINANCIAL STATEMENTS (Unaudited) (Continued) Six Months Ended June 30, 2018

option expires on its stipulated expiration date or if the Fund enters into a closing purchase transaction, a gain or loss is realized. If a written call option is exercised, a gain or loss is realized for the sale of the underlying security and the proceeds from the sale are increased by the premium originally received. If a written put option is exercised, the cost of the security acquired is decreased by the premium originally received. As the writer of an option, the Fund has no control over whether the underlying securities are subsequently sold (call) or purchased (put) and, as a result, bears the market risk of an unfavorable change in the price of the security underlying the written option.

The Fund may purchase call and put options. When the Fund purchases a call or put option, an amount equal to the premium paid is included in the Statement of Assets & Liabilities as an investment, and is subsequently adjusted to reflect the fair value of the option. If an option expires on the stipulated expiration date or if the Fund enters into a closing sale transaction, a gain or loss is realized. If the Fund exercises a call option, the cost of the security acquired is increased by the premium paid for the call. If the Fund exercises a put option, a gain or loss is realized from the sale of the underlying security, and the proceeds from such a sale are decreased by the premium originally paid. Written and purchased options are non-income producing securities. Written and purchased options expose the Fund to minimal counterparty risk since they are exchange traded and the exchange's clearinghouse guarantees the options against default.

The Fund has adopted authoritative standards regarding disclosure about derivatives and hedging activities and how they affect the Fund's Statement of Assets and Liabilities and Statement of Operations. For the six months ended June 30, 2018, no long options contracts were purchased and no written option contracts were opened. As of June 30, 2018, no option contracts were held.

3. INVESTMENT ADVISORY FEE AND OTHER TRANSACTIONS WITH AFFILIATES

The Trust has an agreement with the Adviser to furnish investment advisory services to the Fund. Pursuant to an Investment Advisory Agreement between the Trust and the Adviser, the Adviser receives a fee for investment management. The Adviser charges a management fee at a 1.00% annual rate of the Fund's average daily net assets up to \$300 million, 0.95% of the Fund's average daily net assets on the next \$200 million, and 0.90% on the balance of the Fund's average daily net assets.

Effective February 28, 2017 the Fund's Adviser has contractually agreed to waive a portion or all of its management fees and/or reimburse the Fund for its expenses to ensure that total annual operating expenses (excluding acquired fund fees and expenses, brokerage commissions, leverage, interest, taxes, and extraordinary expenses) do not exceed 1.20% of the average daily net assets of the Fund. Prior to February 28, 2017, there was no contractual expense limitation agreement in place.

Fees waived and expenses reimbursed by the Adviser may be recouped by the Adviser for a period of thirty-six months following the month during which such waiver or reimbursement was made, if such recoupment can be achieved without exceeding the expense limit in effect at the time the waiver and reimbursement occurred. The Operating Expense Limitation Agreement is indefinite, but cannot be terminated within one year after the effective date of the Fund's prospectus. After that date, the agreement may be terminated at any time upon sixty days' written notice by the Trust's Board of Trustees or the Adviser. Waived fees and reimbursed expenses subject to potential recovery by month of expiration are as follows:

March-November 2020	\$83,564
January-June 2021	\$51,605

U.S. Bancorp Fund Services, LLC ("USBFS" or the "Administrator") acts as the Fund's Administrator, Transfer Agent, and Fund Accountant. U.S. Bank N.A. (the "Custodian") serves as the custodian to the Fund. The Custodian is an affiliate of the Administrator. The Administrator performs various administrative and accounting services for the Fund. The Administrator prepares various federal and state regulatory filings, reports and returns for the Fund; prepares reports and materials to be supplied to the Trustees;

NOTES TO FINANCIAL STATEMENTS (Unaudited) (Continued) Six Months Ended June 30, 2018

monitors the activities of the Fund’s custodian; coordinates the payment of the Fund’s expenses and reviews the Fund’s expense accruals. The officers of the Trust, including the Chief Compliance Officer, are employees of the Administrator. A Trustee of the Trust is an officer of the Administrator. As compensation for its services, the Administrator is entitled to a monthly fee at an annual rate based upon the average daily net assets of the Fund, subject to annual minimums. Fees paid by the Fund for administration, transfer agency and accounting costs, custody and chief compliance officer services for the six months ended June 30, 2018 are disclosed in the Statement of Operations.

4. LINE OF CREDIT

The fund has established an unsecured Line of Credit (“LOC”) in the amount of \$12,000,000 or 33.33% of the fair value of the Fund’s investments, whichever is less. The LOC matures unless renewed on July 26, 2018. This LOC is intended to provide short-term financing, if necessary, subject to certain restrictions and covenants in connection with shareholder redemptions. The LOC is with the Custodian. Interest is charged at the prime rate which was 5.00% as of June 30, 2018. The interest rate during the period was between 4.50%-5.00%. The weighted average interest rate paid on outstanding borrowings was 4.50%. The Fund has authorized U.S. Bank N.A. to charge any of the Fund’s accounts for any missed payments. For the period ended June 30, 2018 the Fund’s credit facility activity was as follows:

<u>Credit Facility Agent</u>	<u>Average Borrowings</u>	<u>Amount Outstanding as of June 30, 2018</u>	<u>Interest Expense</u>	<u>Maximum Borrowing</u>
U.S. Bank N.A.	\$12,265	\$—	\$278	\$1,162,000

On July 26, 2018, the Fund renewed the LOC. Borrowing under the renewed LOC is limited to the lesser of \$11 million dollars or 33.33% of the fair value of the Fund’s investments, whichever is less.

5. CAPITAL SHARE TRANSACTIONS

Transactions in capital shares of the Fund were as follows:

	<u>Six Months Ended June 30, 2018</u>	<u>Year Ended December 31, 2017</u>

NOTES TO FINANCIAL STATEMENTS (Unaudited) (Continued) Six Months Ended June 30, 2018

6. INVESTMENT TRANSACTIONS

Purchases and sales of investment securities, excluding short-term securities and short-term options, for the six months ended June 30, 2018, were as follows:

Purchases		Sales	
U.S. Government	Other	U.S. Government	Other
\$	—	\$	—
	\$14,373,320		\$57,235,808

7. FEDERAL TAX INFORMATION

The Fund intends to utilize provisions of the federal income tax laws which allow it to carry a realized capital loss forward for an unlimited period. As of December 31, 2017, the Fund did not have a capital loss carryover. During the year ended December 31, 2017, the Fund utilized \$375,135 in short-term capital loss carryovers.

As of December 31, 2017, the Fund's most recently completed fiscal year end, the components of distributable earnings on a tax basis were as follows:

Tax cost of investments	\$175,929,929
Gross tax unrealized appreciation	\$ 90,144,140
Gross tax unrealized depreciation	(5,870,072)
Net tax unrealized appreciation on investments and derivatives	\$ 84,274,068
Undistributed ordinary income	\$ 142,855
Undistributed long term capital gains	—
Total distributable earnings	\$ 142,855
Other accumulated loss	—
Total accumulated gain	\$ 84,416,923

The Fund plans to distribute substantially all of the net investment income and net realized gains that it has realized on the sale of securities. These income and gains distributions will generally be paid once each year, on or before December 31. The character of distributions made during the year from net investment income or net realized gains may differ from the characterization for federal income tax purposes due to differences in the recognition of income, expense or gain items for financial reporting and tax reporting purposes.

MUHLENKAMP FUND

NOTES TO FINANCIAL STATEMENTS (Unaudited) (Continued) Six Months Ended June 30, 2018

The tax character of distributions paid were as follows:

	<u>Six Months Ended June 30, 2018</u>	<u>Year Ended December 31, 2017</u>
Ordinary Income*	\$—	\$ 843,437
Long-term capital gain	\$—	\$9,920,783

*For federal income tax purposes, distributions of short-term capital gains are treated as ordinary income distributions.

8. EXPENSE REDUCTIONS

Expenses are reduced through the deposit of minimum account maintenance fees into the Fund. By November 30th of each year, all accounts must meet one of three criteria: 1) have net investments (purchases less redemptions) totaling \$1,500 or more, 2) have an account value greater than \$1,500, or 3) be enrolled in the Fund's Automatic Investment Plan. Accounts that do not meet one of these three criteria will be charged a \$15 minimum account maintenance fee. This fee is used to lower the Fund's expense ratio. For the fiscal year ended December 31, 2017, the Fund's expenses were reduced \$9,509 by utilizing minimum account maintenance fees pertaining to account balances as of November 30, 2017, resulting in a decrease in the expenses being charged to shareholders.

9. GUARANTEES AND INDEMNIFICATIONS

In the normal course of business, the Fund enters into contracts with service providers that contain general indemnification clauses. The Fund's maximum exposure under these arrangements is unknown as this would involve future claims against the Fund that have not yet occurred. Based on experience, the Fund expects the risk of loss to be remote.

APPROVAL OF INVESTMENT ADVISORY AGREEMENT – Muhlenkamp & Company, Inc.

At the regular meeting of the Board of Trustees of Managed Portfolio Series (“Trust”) on February 20-21, 2018, the Trust’s Board of Trustees (“Board”), including all of the Trustees who are not “interested persons” of the Trust, as that term is defined in Section 2(a)(19) of the Investment Company Act of 1940, as amended, (“Independent Trustees”) considered and approved the continuation of the Investment Advisory Agreement between the Trust and Muhlenkamp & Company, Inc. (“Muhlenkamp” or the “Adviser”) regarding the Muhlenkamp Fund (the “Fund”) (the “Investment Advisory Agreement”) for another annual term.

Prior to the meeting and at a meeting held on January 9, 2018, the Trustees received and considered information from Muhlenkamp and the Trust’s administrator designed to provide the Trustees with the information necessary to evaluate the continuance of the Investment Advisory Agreement (“Support Materials”). Before voting to approve the continuance of the Investment Advisory Agreement, the Trustees reviewed the Support Materials with Trust management and with counsel to the Independent Trustees, and received a memorandum from such counsel discussing the legal standards for the Trustees’ consideration of the renewal of the Investment Advisory Agreement. This information, together with the information provided to the Board throughout the course of the year, formed the primary (but not exclusive) basis for the Board’s determinations.

In determining whether to continue the Investment Advisory Agreement, the Trustees considered all factors they believed relevant including the following: (1) the nature, extent, and quality of the services provided by Muhlenkamp with respect to the Fund; (2) the Fund’s historical performance and the performance of other investment accounts managed by Muhlenkamp; (3) the costs of the services provided by Muhlenkamp and the profits realized by Muhlenkamp from services rendered to the Fund; (4) comparative fee and expense data for the Fund and other investment companies with similar investment objectives; (5) the extent to which economies of scale may be realized as the Fund grows, and whether the advisory fee for the Fund reflects such economies of scale for the Fund’s benefit; and (6) other benefits to Muhlenkamp resulting from its relationship with the Fund. In their deliberations, the Trustees weighed to varying degrees the importance of the information provided to them, and did not identify any particular information that was all-important or controlling.

Based upon the information provided to the Board throughout the course of the year, including at an in-person presentation by representatives of Muhlenkamp, and the Support Materials, the Board concluded that the overall arrangements between the Trust and Muhlenkamp set forth in the Investment Advisory Agreement continue to be fair and reasonable in light of the services that Muhlenkamp performs, investment advisory fees the Fund pays, and such other matters as the Trustees considered relevant in the exercise of their reasonable business judgment. The material factors and conclusions that

APPROVAL OF INVESTMENT ADVISORY AGREEMENT (Continued) – Muhlenkamp & Company, Inc.

formed the basis of the Trustees' determination to approve the continuation of the Investment Advisory Agreement are summarized below.

Nature, Extent and Quality of Services Provided. The Trustees considered the scope of services that Muhlenkamp provides under the Investment Advisory Agreement, noting that such services include, but are not limited to, the following: (1) investing the Fund's assets consistent with the Fund's investment objective and investment policies; (2) determining the portfolio securities to be purchased, sold or otherwise disposed of and the timing of such transactions; (3) voting all proxies with respect to the Fund's portfolio securities; (4) maintaining the required books and records for transactions that Muhlenkamp effects on behalf of the Fund; (5) selecting broker-dealers to execute orders on behalf of the Fund; and (6) monitoring and maintaining the Fund's compliance with policies and procedures of the Trust and with applicable securities laws. The Trustees also considered the extensive shareholder services that Muhlenkamp provides to shareholders of the Fund. The Trustees also noted the investment philosophy of the portfolio managers and their portfolio management experience, including Mr. Ronald H. Muhlenkamp's management of the Fund since the inception of the Fund's predecessor in 1988. The Trustees concluded that they are satisfied with the nature, extent and quality of services that Muhlenkamp provides to the Fund under the Investment Advisory Agreement.

Fund Historical Performance and the Overall Performance of Muhlenkamp. In assessing the quality of the portfolio management delivered by Muhlenkamp, the Trustees reviewed the short-term and long-term performance of the Fund on both an absolute basis and in comparison to appropriate benchmark indices, the Fund's peer funds according to Morningstar classifications, and the composite of separate accounts that Muhlenkamp manages utilizing a similar investment strategy as that of the Fund. While the Trustees considered both short-term and long-term performance of the Fund, they placed greater emphasis on the long-term performance. When reviewing the Fund's performance against the Morningstar peer group, the Trustees took into account that the investment objective and strategies of the Fund, as well as the Fund's level of risk tolerance, may differ significantly from funds in the peer group. The Trustees noted the Fund had underperformed the Morningstar peer group median and average for the year-to-date, one-year, three-year, five-year and ten-year periods ended October 31, 2017. The Trustees considered the Fund's performance compared to its benchmarks, noting that the Fund underperformed the S&P 500 Index for all relevant periods ended October 31, 2017. The Trustees noted that the Fund achieved positive returns during all measured periods ending October 31, 2017. The Trustees took into account that the Fund utilizes a tax efficient, value-orientated investment strategy, and that Muhlenkamp consequently uses an internal benchmark of the Consumer Price Index ("CPI") as an additional means of evaluating the Fund's performance. The Trustees noted that the Fund had outperformed the CPI for the year-to-date, one-year and five-year periods ended

**APPROVAL OF INVESTMENT ADVISORY AGREEMENT (Continued) –
Muhlenkamp & Company, Inc.**

October 31, 2017 but underperformed the CPI for the three-year and ten-year periods ended October 31, 2017. The Trustees also noted that the Fund's performance relative to its benchmark and peer group had improved since the Trustees had asked Muhlenkamp to outline specific steps to improve the Fund's underperformance on a going forward basis. The Trustees concluded their performance analysis by noting the generally comparable performance of the Fund and the composite of similar accounts managed by Muhlenkamp over most relevant periods.

Cost of Advisory Services and Profitability. The Trustees considered the annual advisory fee that the Fund pays to Muhlenkamp under the Investment Advisory Agreement, as well as Muhlenkamp's profitability from services that Muhlenkamp rendered to the Fund during the 12 month period ended September 30, 2017. The Trustees also considered the effect of an expense limitation agreement on Muhlenkamp's compensation, noting that Muhlenkamp had contractually agreed to reduce its advisory fees and, if necessary, reimburse the Fund for operating expenses, as specified in the Fund's prospectus. The Trustees further considered the management fees that Muhlenkamp charges to separately managed accounts with similar investment strategies as that of the Fund are less than the advisory fee that the Fund pays to Muhlenkamp at certain asset levels. The Trustees also took into account that Muhlenkamp has additional responsibilities with respect to the Fund, including additional compliance obligations, the preparation of Board and shareholder materials, and substantial direct shareholder communications and services which utilize additional Adviser resources, which justifies the higher fee. The Trustees concluded that Muhlenkamp's service relationship with the Fund yields a reasonable profit.

Comparative Fee and Expense Data. The Trustees considered a comparative analysis of the contractual expenses borne by the Fund and those of funds in the same Morningstar peer group and benchmark category. The Trustees noted the Fund's advisory fee was higher than the average and median management fees reported for the benchmark category. They also considered the total expenses of the Fund (after waivers and expense reimbursements) were higher than the average and median total expenses reported for the benchmark category. The Trustees took into account that the advisory fees and total expenses (after waivers and expense reimbursements) borne by the Fund were within the range of that borne by funds in the benchmark category. While recognizing that it is difficult to compare advisory fees because the scope of advisory services provided may vary from one investment adviser to another, the Trustees concluded that Muhlenkamp's advisory fee continues to be reasonable.

Economies of Scale. The Trustees considered whether the Fund may benefit from any economies of scale, noting that the Investment Advisory Agreement includes breakpoints in the management fee once the Fund has \$300 million in assets. The Trustees determined

APPROVAL OF INVESTMENT ADVISORY AGREEMENT (Continued) – Muhlenkamp & Company, Inc.

that the breakpoint structure of the Fund's investment advisory fee had the potential to share such economies of scale with Fund shareholders.

Other Benefits. The Trustees considered the direct and indirect benefits that could be realized by the Adviser from its relationship with the Fund. The Trustees noted Muhlenkamp does not utilize soft dollar arrangements with respect to portfolio transactions and has no affiliated brokers to execute the Fund's portfolio transactions. The Trustees considered that Muhlenkamp may receive some form of reputational benefit from services rendered to the Fund, but that such benefits are immaterial and cannot otherwise be quantified. The Trustees concluded that Muhlenkamp does not receive additional material benefits from its relationship with the Fund.

**ADDITIONAL INFORMATION (Unaudited)
Six Months Ended June 30, 2018**

1. BROKER COMMISSIONS

For the period ended June 30, 2018, the Fund paid \$18,139 in broker commissions. These commissions are included in the cost basis of investments purchased, and deducted from the proceeds of securities sold. This accounting method is the industry standard for mutual funds. Were these commissions itemized as expenses, they would equal less than one cent (approximately 0.4¢) per Fund share and would have increased the expense ratio from 1.20% to 1.22%.

2. INFORMATION ABOUT PROXY VOTING

Information regarding how the Fund votes proxies relating to portfolio securities is available without charge upon request by calling toll-free at 1-800-860-3863 or by accessing the SEC's website at www.sec.gov. Information regarding how the Fund voted proxies relating to portfolio securities during the most recent twelve month period ending June 30 is available on the SEC's website at www.sec.gov or by calling the toll-free number listed above.

3. AVAILABILITY OF QUARTERLY PORTFOLIO SCHEDULE

The Fund files its complete schedule of portfolio holdings with the SEC for the first and third quarters of each fiscal year on Form N-Q. The filing will be available, upon request, by calling 1-800-860-3863. Furthermore, you will be able to obtain a copy of the filing on the SEC's website at www.sec.gov. The Fund's Forms N-Q may also be reviewed and copied at the SEC's Public Reference Room in Washington, DC, and information on the operation of the Public Reference Room may be obtained by calling 1-202-551-8090.

PRIVACY NOTICE (UNAUDITED)

The Fund collects only relevant information about you that the law allows or requires it to have in order to conduct its business and properly service you. The Fund collects financial and personal information about you (“Personal Information”) directly (e.g., information on account applications and other forms, such as your name, address, and social security number, and information provided to access account information or conduct account transactions online, such as password, account number, e-mail address, and alternate telephone number), and indirectly (e.g., information about your transactions with us, such as transaction amounts, account balance and account holdings).

The Fund does not disclose any non-public personal information about its shareholders or former shareholders other than for everyday business purposes such as to process a transaction, service an account, respond to court orders and legal investigations or as otherwise permitted by law. Third parties that may receive this information include companies that provide transfer agency, technology and administrative services to the Fund, as well as the Fund’s investment adviser who is an affiliate of the Fund. If you maintain a retirement/educational custodial account directly with the Fund, we may also disclose your Personal Information to the custodian for that account for shareholder servicing purposes. The Fund limits access to your Personal Information provided to unaffiliated third parties to information necessary to carry out their assigned responsibilities to the Fund. All shareholder records will be disposed of in accordance with applicable law. The Fund maintains physical, electronic and procedural safeguards to protect your Personal Information and requires its third party service providers with access to such information to treat your Personal Information with the same high degree of confidentiality.

In the event that you hold shares of the Fund through a financial intermediary, including, but not limited to, a broker-dealer, credit union, bank or trust company, the privacy policy of your financial intermediary governs how your non-public personal information is shared with unaffiliated third parties.
